WHO WE ARE

The **Friends of Plant Conservation** is a 501 (c)(3) non-profit organization that supports the efforts of the Plant Conservation Program (PCP) of the NC Department of Agriculture and Consumer Services to conserve the native plant species of North Carolina in their natural habitats, now and for future generations.

Our Purpose:

- Increase public awareness and understanding of PCP
- Provide support for PCP's mission through volunteers, stewardship, fundraising, and education
- Connect the public with the PCP mission and the importance of plant conservation across the state

GET INVOLVED

Venus Flytrap License Plate

Support us by getting our license plate featuring what Charles Darwin called "one of the most wonderful plants in the world."

Pending approval by the NC Legislature. If approved, apply online at ncdot.gov.

Become a Member or Affiliate

- Promote the conservation of imperiled plant species in their natural habitats
- Support statewide efforts to build a comprehensive network of plant conservation preserves
- Ensure that plant conservation preserves are valued and permanently protected

Volunteer

Our volunteer activities range from working in the field to serving on our board.

NC PLANT CONSERVATION PROGRAM

PCP accomplishes its mission by

developing regulations, voluntary programs, and cooperative partnerships to help protect imperiled species and their habitats. They acquire and manage a network of Plant Conservation Preserves to permanently protect some of NC's most imperiled plants.

© Miller Calson

PCP's responsibilities include

the listing of North Carolina's endangered and threatened plant species and the development of conservation programs designed to permanently protect those species.
